HISTORIC Little River Baptist Church at Jones Prairie was founded in 1849 and was the fourth Baptist church organized in Texas. Church members first met in a school, then built a log church which was converted to a frame building following the Civil War

and remodeled and enlarged to its present size in 1909. The Church, founding pastor and adjoining cemetery will be the subject of a series of articles starting this week in The Herald.

## Historical Marker Sought

Work has begun to authorize a state historical marker for Little River Baptist Church in the Jones Prairie community. The white frame church with stained glass windows is a landmark in Milam County, starting as a simple log building and enlarged and improved through the years.

The church at Little River was the fourth Baptist Church established in Texas. It was organized in 1849 at the farm home of Josiah Lester with eight members: Z. N. Morrell, pioneer Baptist missionary, his wife, Elizabeth White, W. H. M. Lester, his wife, Amanda Dobbins and Cyrus Harlan, a

Negro slave.

The small congregation grew as more settlers moved to the area. They met in Mrs. Beal's school house on Saturdays to conduct business and on Sunday for worship services.

Early records of the church and a copy of conference minutes owned by Miss Ada Margaret Smith reveal that it was involved in all phases of the congregation's lives and kept a close rein on their activities. Members guilty of drinking, horse racing, gambling, or "un-Christian behavior" were expelled and unfaithful attendance required explanation at the Church

meetings. At one conference a husband blamed marriage problems for his poor attendance and a committee of two men were appointed "to wait on them, talk to Sister — and try to bring about a reconciliation."

A three day revival meeting in 1855 added 79 members to the congregation.

After the Civil War Church members decided to enlarge their building and under pastors W. B. Fanes, J. J. Haggard and Z. N. Morrell, the members worked on the building. The Masonic Lodge later joined the church in its building program and in 1873 the new church was dedicated. That same year a community cemetery was established. The church was enlarged again into its present size in 1909.

Notes by the late W. S. Allen, a planter who lived in Calvert, Texas, are recorded in Miss Mary Belle Batte's thesis on early Milam County and reveal much about the early church.

Allen recalled: "Young men did most of their courting at Church. We attended Little River Church, out from Calvert, near Jones Prairie. Entrance was through two doors, one for the women and one for the men. We took our sweethearts to one door and let them go in alone, for we were not allowed to sit with them. After church we met the girls outside at the women's entrance.

"Single and married men sat together on one side of the church and single and married women sat together on the other side. There was a bench directly in front of the pulpit for the prominent church members. These benches were known as the 'amen pew'. The preacher had the only song book.

2 WILDCATS  
INCLUDE TEST  
SOUTH OF CITY

By Lloyd Albertson

Two new wildcats were scheduled for Milam County last week and one of them, located south of Cameron, is now drilling.

This wildcat will be an Edwards Lime test and is being drilled by R. C. Rice, a Houston operator. It is his No. 1 Wallace Culpepper. Location is just off the Rockdale highway several miles south of Cameron.

Rig was moved in for the Culpepper last Friday. Reportedly it was drilling below 3,000 feet on Wednesday.

The Edwards is expected to be about 3,500 - 4,000 foot depth in that area.

Rice has approximately 3,000 acres leased in the vicinity of his wildcat, which is being drilled on the former W. H. Day land.

The other wildcat which was scheduled for the county will be located between Milano and Gause and a short distance south of the Missouri Pacific Railroad line. It will be drilled on the old G. W. Burkett Estate tract now owned by the Bonerden family in M. Moro Survey.

Dick Schwab will drill this wildcat, which will have the Basal Wilcox as its objective and attempt to extend North Milbur Field production into that area.

Both of these new wildcats will be watched with interest by oilmen since they will help verify the belief by some geologists concerning the trend of production in the Milbur Field following the bringing in recently of the Clark Oil and R. E. Smith No. 1 E. A. Cotton in Burleson County.

Cameron voters Tuesday, December 19, will cast ballots in a special election on a 1 percent city sales tax.

Voting will be open from 8 a.m. to 7 p.m. Tuesday at City Hall.

A meeting for committee members for Presentation of Sales Tax Advantages met 7 p.m. Tuesday night at Cameron Public Library to review plans for presenting advantages of a 1-cent sales and use tax in Cameron. E. A. Perrin, Cameron civic leader, directed the discussion.

Since September, 116 out of 134 cities voting on the 1-cent city sales tax have approved the issue. Of the 18 opposing it, about 70 percent are towns in the shadow of major cities like Dallas and Fort Worth.

Thirteen Rio Grande Valley towns approved the question Tuesday.

19 QUESTIONS, 19 ANSWERS

The Herald is reprinting below 19 questions and answers provided by the Texas League of Municipalities. They were discussed in a November Town Meeting on the subject at First Methodist Fellowship Hall. About 70 people attended.

Perrin said a copy of a brochure entitled "a penny for Cameron's Growth" is being sent every household in the city limits over the week-end. And he reported that a speakers' group is going on local radio to present advantages of the sales tax to Cameron.

Speaking are Don G. Humble, chairman; Bill Burns, Rev. James Lafferty, Monroe Fuchs, Mrs. Perry Holder and W. S. Turner. Forrest Sapp, chairman of a telephone committee, reported this week that 14 ladies will serve as a committee urging people to vote in the Tuesday, December 19, election.

They are: Mesdames Lane Horstmann, Herman Hanel, Louis Hollas, Billy Ellis, Dale Smith, Charles Huddle, Charles McGregor, Gene Smitherman, John Henderson Sr., Monroe Fuchs, George Hollas, S. H. Richardson and W. C. Wallace.

Hilliard Thomas, chairman of a speakers' bureau, reported that nine clubs are hearing presentations prior to the December 19 election.

CLUBS HEARING TALKS

Speakers are appearing before Business & Professional Women's Club, Pleasure & Profit Club, Cameron History Club, St. Monica's Ladies Society, Cameron Parent-Teacher's Association, Cameron Rotary and Lions Clubs, Three Arts Club and Cameron Fire Department.

Speakers are: James Camp, Ed Magre, Eugene Smitherman, Robert Ellett, Humble, Sapp, Perrin and Rev. Lafferty.

Cameron Lions Club will hear the final talk Monday.

The official ballot for the special election asks voters to place an "X" in the square beside the statement indicating the way you (the voter) wish to vote: For or Against adoption of a one percent local sales and use tax within the city.

Election judge is B. J. Matocha. The Committee for Presentation of Sales Tax Advantages includes: Albert Hajovsky, Albert Collins, Frank Luecke, John Henderson Jr., Henry Siebman, Miss Mildred Thornton (secretary), Mrs. Carroll Green, Fuchs, Burns, Smitherman, Thomas, Mrs. Holder, Camp, Sapp and Humble.

If approved in the Tuesday election, the city sales tax would become effective in March, 1968.

### Weather Notes—

Cameron Police Dept. is now short two policemen. Is this because there is need for more income for police officers and other city employees?

The City Police Dept. is running two vehicles now, the first time in recent memory of such service. It should have good effect if they are manned. This may be one place, where additional revenue, such as the sales tax, would help.

108-108-108

The Katacomb Teen Club is fast becoming a reality. Volunteers are in the East First St. location almost daily, swabbing paint on walls and ceiling.

Major need will be chairs and tables. Some have been donated. The Cameron Library Board voted to give some extras to the Club last week.

If you have a chance, drop by and give these youngsters some encouragement. They're involved in doing it themselves, with adult supervision of course.

108-108-108

We've wondered many times why people fear an individual. It is usually reserved for the individual to catch all the blame for honest differences and the courage to maintain them. Within reason, the group resents the individual because he is constant reminder of the collective inadequacies bringing them together.

The individual is the most beleaguered and finally admired person. Picture the true hippy. And visualize likewise say, George Washington. There are hardly wider opposites.

The most pitiful development in this country's attitude about individualism is thinking that (sic) "a person can't be different, really different unless he can afford it." It is true many hips are well financed or that Washington, the first President, was wealthy, and that most modern presidents are wealthy.

But is it true that one must accumulate money for the status?

The individual shapes his outer appearance and manner by inner resources. Most any other kind is caricature, not only of someone "different", but of what that person would really be if he were not imitating.

The French, says Le Grand Charles, are "weak, cowardly and intelligent." While "Americans", he continues, "are strong, brave and stupid."

If Americans keep conformity uppermost, even for their "individuals", egotist DeGaulle may be little, but also right about our mentality and wrong about our character.

Texas Secretary of State John Hill Tuesday joined concern of other public officials about "law and order."

In an address before Rockdale and Cameron Rotarians, the 44-year-old Houston attorney emphasized that "we (Texas) are a system of laws and won't follow rebellious exhibitionists, white or black."

He was introduced by George Hutton, president of Rockdale Rotary Club, host to a joint meeting of the civic clubs which included Rockdale Lions Club. About 90 men heard Hill, a Connally appointee, and announced candidate for governor.

### RIGHTS, CRIME

Hill continued in saying that "so many rights are being ignored today" in proceedings, but that all lawyers and judges agree assurance of apprehension is the "surest way of preventing crime."

He noted advantages and disadvantages of Texas in finding a quarter-million population increase each year and increasing numbers of residents under 21. They create a need for more schools, he said. And he noted the state is blessed with wealth, enabling "Texas to do what Texas has the will to do."

Hill showed concern for state taxes and good government management in citing Brookings Institute national statistics on future state and local tax needs.

He said by 1970 state and local government will spend \$103 billions and will have \$88 billions in revenue.

"We mean to have quality education in Texas," Hill said, pointing out he "could hardly wait" until the state-wide school survey is complete in 1969.

"One thing is certain. We're soon coming to a tax problem," Hill continued.

Point III - Financing

# Financing Major Part Of Industry's Evaluation

(Ed. Note: Another in a series by Texas Industrial Commission to communities seeking modern industry and development.)

By James J. Kelly  
The final criteria for industry when seeking a new location is profitability. A very major factor in any industry's evaluation of the profitability of a potential operation in your town is how the site or building (or both) in which they are interested can be financed.

About eighty percent of all industries locating in Texas do not own their facilities. Most of them hold some combination of leases on the land and buildings. The terms of the lease are of utmost importance to any industry's profit picture - what the amount of rent is, what immediate and future improvements will be made by the owners, what the options to renew the lease are, and perhaps what about the option to buy the building at a later date.

There are a lot of conditions to take into consideration. And you can count on it that the new industry for which your community has waited so long will be in a terrible hurry to get things finalized. If a town down the highway offers approximately the same advantages that you do, can also offer a financing plan that provides for occupancy 60 days earlier than yours, and a lower rental price - well, chances are that you can kiss that industrial prospect goodbye.

That is why it is vital for an Industrial Development Committee courting an industry to be able to offer that industry a "package deal" regarding the land, the building, any necessary improvements, and all other aspects of financing. Ideally this package deal should be ready and waiting, so that it can be applied to any of your candidate industries with only minor revisions.

When an industry says "we like your town, and we find the Smith Street building suitable; what kind of financing can you offer?", your Industrial Development Committee should answer without hesitation - "Gentlemen, here's our package."

How do you get in this favorable, strong prepared position?

The first thing is to know and be familiar with the workings of all the basic sources of industrial development financing such as:

- Investor Builders
- Commercial Banks
- Savings and Loan Associations
- Mortgage Companies
- Insurance Companies
- Investment Bankers
- Small Business Administration

There are others, but these are the most important. Also the I.D. Committee must find out and constantly keep abreast of the current rates for money from these various institutions.

In Texas, especially in the larger

communities, the most common source of land and buildings for industrial development has been investor builders. These individuals are often willing to buy the land, build the building and extend the necessary utilities; then own the building and lease it to the locating industry under a package deal arrangement.

Mrs. Pat Fletcher of Dallas spent the past week as a guest of her parents, Mr. and Mrs. W. W. Terry. Also spending the weekend with them was another daughter and her husband, Mr. and Mrs. Gavle Wright of Yoakum.

Weekend guests of Mr. and Mrs. Pat McDaniel were Mr. and Mrs. Buck Zion and children of Lampasas.

Guests of Mr. and Mrs. Buck Garner Friday and Saturday were Mr. and Mrs. Barkley Garner and Brett of Austin.

Mr. G. M. Burkhardt of Houston visited Saturday afternoon with Mr. and Mrs. Mose Shavers.

Mr. and Mrs. Kenneth Gifford received word this last week that their nephew, Jimmy Gifford, was a patient in a Pasadena hospital where one of his legs was amputated. Jimmy was in an automobile accident about a year ago in which his leg was badly injured. The amputation was necessary because of this injury. Jimmy is the grandson of Mrs. J. R. Gifford of Rockdale.

Jimmy Henson is a patient in Richard's Hospital in Rockdale.

Johnny Ray Limmer of Pasadena is visiting his parents, Mr. and Mrs. Buddy Limmer for a few days.

In other communities, an industrial foundation is set up to do much the same things as the individual investor builder. Such a foundation acts as an industrial development "bank" for the community. It is an organization of private citizens operating with privately subscribed funds, set up for the purpose of improving the community's economy through offering material assistance to existing or prospective industrial firms. The industrial foundation can be a profit making organization, but most in Texas are non-profit corporations whose ownership is widely based among the community's citizens. There are presently some 225 of these foundations in Texas.

The Industrial Development Foundation, once it is established, has funds and sources of credit, can function in the same way as the investor builder - finding the best financing, building the building through a contractor, and offering the building for lease to industry in a package deal designed to satisfy the particular industry's requirements.

The great advantages of the Industrial Foundation owning a property are (1) that it is a pool of capital, and there-

fore commands a favorable borrowing position, (2) that in industrial development, many heads are usually better than one, and (3) that it will work for the good of the entire community, without the complications and conflicts of personal interests.

The Industrial Foundation may not be able to raise all the money necessary to finance a given project, or it may not be prudent for it to do so. In this case, the Industrial Foundation can borrow just like any other corporation, in some cases on very favorable terms. Its sources are banks, savings and loan associations, mortgage bankers, investment banks, insurance companies and the Small Business Administration. The Industrial Foundation may need to put up at least 10 percent of the total financing (20 percent in the case of Small Business Ad. loans), and raise the remainder from one or more sources.

Whether or not an official industrial foundation is set up in your community, or whether you rely on the efforts of investor builders and the individuals on your Industrial Development Committee to look into and then actually arrange the financing for your prospective new industries (or the expansion of an existing industry), it still holds true that you must be able to offer a package deal, to be competitive, and to be prepared.

That new payroll will be worth the effort.

## Holiday Flower Show Winners

Top ribbons in the Fleur de lis Garden Club flower show last week were awarded to Mrs. Ladis Marek Jr., Mrs. John Schigut, Mrs. Durwood Cobb, Mrs. George Hollas, and Mrs. Louis Elley.

The show, Spirit of Christmas, was the first Christmas show for the Fleur de lis Club and included

a bazaar and craft ideas display. It was open to the public from 3 to 5 p.m. Wednesday at Methodist Fellowship Hall.

Mrs. Marek combined green and red peppers on a green velvet tree with wooden base and paring knife for a kitchen placement to win the Tri Color Award as the outstanding fresh material arrangement. Mrs. George Hollas was general chairman.

Mrs. John Schigut won the Creativity Award with her arrangement for a child's room. In her arrangement poinsettias followed the line of a Christmas boot with candy canes and elves at the top.

The Award of Distinction was presented to Mrs. George Hollas for her arrangement using all dried materials. She formed a Christmas tree of sweet-gum balls sprayed gold and decorated with red holly berries. The tree was surrounded by a circle of red candles.

Mrs. Durwood Cobb won the Sweepstakes Award for the most blue ribbons in artistic and horticulture entries. Mrs. Louis Elley's horticulture entry, a Coon Valley African violet, won the Award of Merit.

Ribbons awarded in the artistic division were:

Family room - Mrs. Dan McDaniel, blue; Mrs. Porter Young, red; Mrs. E. D. Chandler, red.

### LITTLE RIVER—

Continued from page one  
He would repeat aloud the lines of a song, one line at a time, and the congregation would sing the line. A favorite hymn was 'On Jordan's Stormy Banks I Stand.' Much of our pioneer life centered around the Little River Church.

By 1940 membership in the Church had reached 200.  
The church parsonage was destroyed by fire in the early 1940s and succeeding ministers lived in the community teacherage. The church bought this building and in 1949 moved it to a location adjoining the church. Rev. Stanley Ray was the last resident pastor, in 1949.

The present church roll lists 32 resident members and 26 non-resident members, according to Mrs. J. D. Martin, clerk of the Little River Church. Bro. Ben Curtis, a student at Baylor University, leads services at the church each Sunday.

(In coming issues: A. N. Morrell, Founder; and Little River Cemetery.)

Inn, Newton Hospital, Ponderosa Restaurant, St. Edwards Hospital, The Texan Cafe, Boswell's Rest Home, Gladys' Place, Richards' Clinic & Hospital, Rockdale Public Schools, Singer's Grill, Rosebud Public School, Buckholts Public School and Gause Elementary School.

Children's room - Mrs. John Schigut, blue; Mrs. Bobby Stanislaw, red; Mrs. Louis Elley, yellow; Mrs. Bill Tucker, white.  
Linen - Mrs. George Hollas, blue; Mrs. Kenneth Thweatt, red; Mrs. Benny Massengale, yellow.  
Dining room table - Mrs. Durwood Cobb, blue; Mrs. Bernay Dusek, red; Mrs. Frank Luecke, yellow; Mrs. Monroe Fuchs, white.

Coffee table - Mrs. Charles Chandler, blue; Mrs. Jim Camp, red; Mrs. Warren Rinn, yellow.  
Piano or mantle - Mrs. Lavern Delony, blue; Mrs. Gene Smitherman, red.

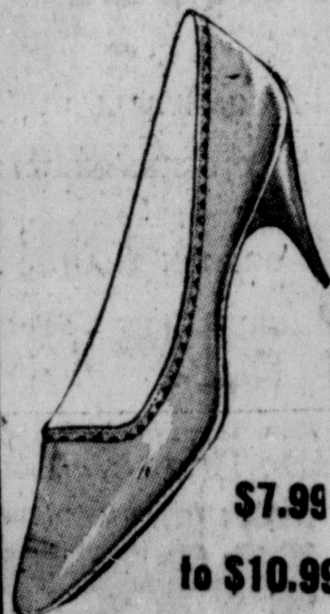

Kitchen - Mrs. Ladis Marek, blue; Mrs. D. R. Dodson, red; Mrs. Tommy Corley, yellow; Mrs. Don Humble, white.

Horticulture ribbons awarded were:

Mrs. Jim Camp, 2 red, 1 white; Mrs. Tommy Corley, 1 yellow; Mrs. Charles Chandler, 2 blue, 1 red, 1 white; Mrs. Warren Rinn, 1 blue, 1 red; Mrs. Bill Tucker, 3 blue; Mrs. Louis Elley, 5 blue; Mrs. John Schigut, 1 yellow; Mrs. Bobby Stanislaw, 2 blue, 2 red; Mrs. Monroe Fuchs, 2 blue, 2 red; Mrs. Durwood Cobb, 4 blue, 1 red; Mrs. Bernay Dusek, 1 red, 1 yellow, 1 white; Mrs. Frank Luecke, 1 blue, 1 yellow; Mrs. Dan McDaniel, 1 red, 1 white; Mrs. Porter Young, 1 blue, 1 yellow; Mrs. E. ## Baylor Baritone To Perform For Library Friends

Baritone Jack Everton will present a program of operatic and traditional music at the Friends of the Cameron Library program at 7:30 p.m. tonight (Thursday) at the library.

Everton, a senior music major at Baylor University, will sing selections by Brahms, Schubert, Britten, Kingsford, Duke, Bizet, Schumann and Giordano.

He will be accompanied by Mrs. Joyce Ruth Simms.

An exhibit of children's art will be on display at the library Thursday night.

The collection of students' work in grades 2 through 5 are from Ben Milam, Ada Henderson and O. J. Thomas' schools. It is representative of art methods being taught in the Cameron schools.

## SHOWER FETES MISS KEMP AT RICHARDSONS

Miss Donna Kemp was honored with a come and go wedding shower Saturday, December 9, at the home of Dr. and Mrs. S. H. Richardson.

Hostesses were Miss Linda Richardson, Miss Carolyn Jean McDaniel, and Mrs. S. H. Richardson.

The bride-elect's colors, green and gold, were carried out in the table decorations.

Miss McDaniel and Mrs. Ray Goeke served the punch and cake. Mrs. Richardson registered the guests.

Cake and punch were served to about thirty guests. Among the guests were the bride's mother, Mrs. J. A. Pemberton and the groom's mother, Mrs. E. C. McFarland.

## CCC CHRISTMAS

An 'Old Fashioned Christmas' will be the setting for the Cameron Country Club dance Saturday night with decorations of red berries, candles and garlands of Christmas greenery.

George Netherly's Band will play for dancing from 9 to 1 p.m.

## Rev. Thibodeaux Accepts Call To So. Texas Church

Rev. Anthony Thibodeaux, pastor of the First Christian Church, Cameron, for the past three years, has accepted a call to the Christian Church at Sour Lake, Texas. He succeeds Rev. John Haley, also a former pastor of the church here. Rev. Haley has moved to Corsicana.

Rev. Thibodeaux moved to Cameron from Bowie. He has been active in the Cameron Ministerial Alliance, the Lions Club and the Volunteer Fire Dept.

He and his wife and three children, Henry Allen, 16, Gloria Gale, 14 and Cheryl Dean, 10, will move December 27.

Rev. Thibodeaux said a supply minister would serve the Cameron church until another pastor is named.

## Kindergarten Yule Program Saturday

The annual Christmas program for Mrs. Hubert's Kindergarten will be held Saturday, December 16, at the Methodist Fellowship Hall.

The program of Christmas music performed by kindergarten students will begin at 10 a.m.

## PRE-NUPTIAL PARTY HONORS BRIDE ELECT

A miscellaneous shower at the home of Mrs. Ernest Elliott Friday evening honored Miss Donna Kemp, bride-elect of Douglas McFarland. Co-hostesses for the party were Mrs. Bill Storey, Mrs. Thomas Leonard and Mrs. Elliott.

The honoree was presented with a corsage of white mums with gold and green accents. The register table and serving table also carried out the bride's chosen colors with white mum bouquets, accented with green and gold. Lunch and frosted cake squares were served.

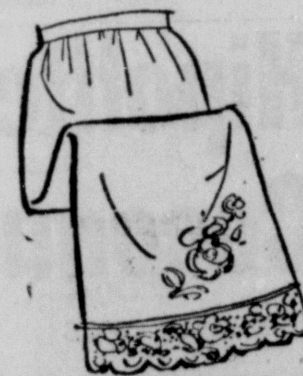

Miss Linda Richardson assisted with the opening of shower gifts.

### CORRECTION

These two sentences appearing in the December 7 ad by Mr. C. R. (Roy) Law should have read: Because of the late disturbance between the City Council and the Commissioners Court about fighting fires in the rural areas many of you believe the rural areas now have fire protection but in so far as the rates on fire insurance is concerned this is not true. The premium rate on fire insurance within and without the city are fixed by a State Board and the premiums in the rural areas are near double that in the city. The difference we pay in fire insurance would pay lots of city taxes.

## An Experiment in Religion

THE CHURCH FOR ALL . . .  
... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

| Sunday              | Monday           | Tuesday         | Wednesday       | Thursday        | Friday          | Saturday         |

We met a chemist some years ago who was planning to experiment with religion.

"Some Sunday," he said, "I'm going to go to Church and see if it makes any difference in my life."

"Doctor," we asked, "How does a chemist begin his experiments in a new field?"

"With research," came the reply. "He studies the findings of other men in that field—determines what has been proven—what is unknown."

"That's a good way to begin your experiment with religion," we suggested. "It would hardly be 'scientific' to judge Christianity, or your need for it, on the basis of one visit to Church. But a few months of faithful attendance, and many thoughtful evenings with the Bible will give you a clear understanding of what others have found in Christianity. You'll discover spiritual truths which centuries of experience have proven, and gain a faith that can bridge the Unknown."

At last report, our chemist was making fine progress in his experiment. In fact, he no longer thinks of his religion as experimental!

Rites Held For  
Eddie Allison

Funeral services for Eddie Norris Allison, 21, former resident of the Marlow community who died in a Galveston hospital Wednesday morning, were held at 2:30 p.m. Friday in the chapel of Green's Funeral Home, Cameron. Rev. Harrison McLerran officiated and burial was in Marlow Cemetery.

Mr. Allison was born June 23, 1943 in Cameron. He was married to the former Miss Priscilla Mills and they had been living in Angleton for the past two years. He died of burns received in an electrical flash fire at Dow Chemical Company at Freeport on November 13.

He is survived by his wife, Mrs. Priscilla Allison of Angleton; his parents, Mr. and Mrs. Eddie Allison Jr. of Marlow; grandparents, Mr. and Mrs. Raymond Dees of Cameron and Mr. and Mrs. Eddie Allison Sr. of Marlow; his great grandmother, Mrs. Eva McDonald of Cameron; two brothers, Michael Allison of U. S. Navy and Gary Allison of Marlow.

Accident Kills  
William McCraw

William Edgar McCraw, 69, of Meridian was killed in Clifton Thursday night when his pickup truck hit a utility pole.

Funeral services were held at 3 p.m. Saturday in the chapel of Green's Funeral Home, Cameron, with Rev. Ben Pierce officiating. Burial was in Liberty Community Cemetery near Cameron.

Mr. McCraw was born in Milan County in the Liberty Community January 10, 1898. He had made his home in Meridian since 1946 where he was a member of the Methodist Church. He was a retired farmer and rancher.

He is survived by his wife, Mrs. Gladys McCraw of Meridian; two sisters, Mrs. J. L. York of Cameron and Mrs. Jewel Blackman of Bryan.

Wayne Kirk and Tommy Terrell were named on the All-Tournament Team for the Yoemen. Also named were Tetlow of Leander, Brent Bustin of Round Rock, Tim Sampson of Manor, and Don Evans of Elgin.

## Yoemen 2nd In Ronnd Rock Meet

The Fighting Yoemen courtiers met Elgin Thursday night in the first battle of the Round Rock Tourney and felled them by a score of 50 to 45.

Wayne Kirk came out as top scorer with a total of 14 points, followed closely by Tommy Terrell who collected 13. Other Yoemen to hit the basket were Dennis Chapman 8 points, Mike Miller 7, and Glenn Fogle and Charles Maddox 4 points each.

The Yoemen moved on to meet Round Rock Friday night. Again, the Cameron roundballers took charge, leading all quarters, some with slim margins, but still leading. The final horn squawked with the score 57-51, Cameron's favor.

Kirk was top scorer with 20 big points. Fogle followed with 13, 12 coming on field goals. Next in scoring was Terrell with 10. Chapman and Miller 5 each, and Maddox 4. Top scorer for Round Rock was Bustin with 20.

The Yoe roundballers clashed with the Leander Lions in the finals on Saturday night. The Yoemen kept close to the Lions on the score board, but a second half hot streak put the Lions out front with a final score of 48-38. Number one Yoe scorer, and also high point man for the game, was Kirk with 20 points, all on field goals. Next was Chapman with 7, Terrell 6, Miller 3, and Fogle 2. Top scorer for Leander was Wendell Tetlow, with 19 points.

Throughout the tournament the Yoemen hit an average of 39 percent of their free throws and collected with 30 pounds of actual nitrogen and 15 pounds of actual phosphate per acre.

## Buckholts Farmer Recognized For Sorghum Yield

Gene Linn of Buckholts was given special recognition for producing a sorghum yield of 4,163 pounds per acre. This is 660 pounds above the Texas state average for the past six years and is especially high in view of the extremely dry weather in the area this year. Altogether, Linn harvested 124,890 pounds of sorghum from 30 acres for his 4,163 pound average.

In producing his exceptional yield he used the hybrid 788A, planted in 38-inch rows. He fertilized with 30 pounds of actual

## Tidehaven Halts Eagle Push With 6-0 Victory In Semi's

By Fritz Pratt  
Tidehaven's Billy Dannels became the man of the night as he booted two field goals to shut out the Rogers Eagles 6-0 in the state semi-finals Friday night at Brenham.

The Eagles blasted away at the Tidehaven defense, but just could not make it. On the other hand, a solid defensive on the Rogers part slapped down every Tiger drive forcing the opposition to resort to field goals.

Never-say-die was the rule as the Eagles kept hoping to shatter the Tiger defense and tally a six-point-er. But the Tigers battled to the

end, frantically keeping a cap on the Eagle scoring.

Tidehaven's coach and all-state fullback Mike Jessup both reported Rogers as the most aggressive and hard-hitting team they met this year by far.

The Tiger defense, which allowed an average of three points a game this season, was led by linebacker Clifton Thomas, tackle Jesse Schindler, safety Jerome Vacek, and guards Edgar Beyer and Mike Nemec. Star of the Tidehaven defense was Jessup who stole 167 of the Tigers 189 yards on 45 trips. A usual yard-eater, Ira Gordon, was held to a minus three yards by the smashing Eagle defense.

Eagle tailback Mike Mayfield led the Rogers offense with 62 yards in 21 carries. Combining on a great defensive effort was the total defensive team, end Vernon Rose, tackles Robert Woods and Curtis Schneider, guards Dale Sitz and Ray Sulak, linebackers Cyril Gloria Charles Sulak and Ricky Raley, halfbacks Billy Craft and Mayfield, and safety Eddie Henderson.

The Eagles started slow, on the opening kickoff when Sulak had to chase the pigskin to his own 9 yd mark where he was downed.

The Eagles batted their way to the 13 where Mayfield sent a punt spiraling to the Tiger 46.

Jessup led his team to the Rogers 7 in 14 plays. But a 4th and 3 situation arose, and Dannels was called in. His record of 11 out of 15 field goal attempts was backed up as Dannels booted 23 yds from the 13. The Tigers led 3-0, with 5:08 remaining in the first quarter.

Rogers ground out 12 yds to gain a 1st and 10 on the 16. But in the next three plays, Tiger defenders broke through to throw the Eagles for losses. Mayfield's 4th down, 37

yd field goal was knocked off course by a Tidehaven defender.

Taking the ball on their own 20, the Tigers set sail, flying to the Eagle 27 in 10 plays. A 4th and 2 situation at the end of the first half had Raley shattering a Tidehaven play.

Rogers was caught in the hole again as Jessup returned a short Eagle kick to his own 44. This was followed by a face mask penalty putting the ball on Rogers' 41.

Jessup pushed the Tigers to the 11 where a terrific Eagle defense held to a 4th and 3 situation. Dannels again came in, put the ball on the 18, and split the uprights with a 28 yarder. Nearly 8½ minutes were left in the 3rd quarter.

The battling Rogers defense took over now, allowing only one 1st down in the rest of the game. But a B team punter, moved up for the playoffs, put the Eagles in the hole with 59 and 70 yd punts.

Rogers found a break when Rose jumped a fumble on the Tiger 39. The Eagles tried to move but the Tidehaven line stopped the attack, forcing a 4th down punt.

With half the final quarter left, the Rogers squad tried to break loose. Mayfield shoved a Tiger punt 18 yds to the Tiger 43.

Sparked by Mayfield, the Eagles marched to the 19, where a 4th and 1 play resulted in a fumble recovery for Schindler.

Two more chances came Rogers' way, but White's punting and Schindler's tackles blocked Eagle attempts.

With a minute and a half left Rogers again took possession, but Nemec made a big interception to clinch the game.

The Tigers, 28-A Champs, meet Clifton in the state finals with a 13-0 season record.

## CAMERON -- MY BELOVED CAMERON

### Empty Buildings --- Ghost Town

There are many in Texas.

If the city sales tax is adopted as surely as night follows day we are to see more and more business houses along the highways out of Cameron, and more empty buildings in Cameron.

Communication, transportation, travel and parking warrant such moves.

We not only believe the city sales tax to be wrong in principle we believe it to be dangerous. We believe it will make it's contribution to unrest, discontent, civil disobedience, rioting, looting, anarchy, communism.

The people who want this tax are organized, they have money, and are working. If you do not agree it is your democratic privilege to put your little foot down and go to work.

## O. J. Thomas Falls To Meridith 82-54 In Non-District Tilt

Meridith Panthers shattered the O. J. Thomas defense in a non-district basketball game last Friday night.

Four of the Panthers hit in double figure scores as Robert Weaver and Dock Reese tallied 18 points each, James Walker 11, and Raymond Norvell 10. For the O. J. T. Bulldogs, Bobby Simpson and Robert Matson each collected 13, and James Aycock 10.

This win put the Panther season tally at 5-1.

Meridith B team also downed the O. J. T. B team with a 38-12 score as defense became a winning factor. Kenneth Crathers led the Meridith courtiers with 9 points, William Wheeler led the Bulldogs with 4.

## Buckholts Drops

### Two To Bartlett

Bartlett girls and boys teams downed the Buckholts Badgers teams at Bartlett Friday night.

The boys' varsity from Bartlett blasted the Badgers with a 90-49 score. All of the Bulldog starters hit the double figure scoring column, as Lynn Marshall led with 16 points. Badger top scorer was Norman Haisler with 18 points.

The Buckholts girls could do no better, as the Bulldog girls scored a 57-39 victory. Sally Stokes sank 29 points to lead Bartlett, while Joyce Arnold led Buckholts with 17.

## TAXES

### An Abominable Word But Necessary

Mr. C. R. (Roy) Law, in his article published in the Cameron Herald as of December 7, 1967... asks a question "Are the property owners of Cameron playing the game FAIR?" The answer to that is an emphatic and loud NO! neither are the rural residents of Milam County. This is also true in almost any city, town or county. You might add another question: are the taxing authorities playing the game fair? Glaring examples of inequities in assessments exist, and they always will under the present form of property taxation.

Mr. Law is right, it is a difficult matter to pay property taxes all in one lump sum on some specific deadline date. There should be a method devised that is not quite so painful... perhaps a sales tax is a step in the right direction... if you can eliminate the "booby traps".

In the relatively simple economy of 200 years ago, ownership of real property was the major form of tangible wealth. A tax, therefore, imposed AD VALOREM that is according to value was equitable. The village blacksmith owned his shop, the spreading chestnut tree and his home; farms were owned by FARMERS. Products of the soil were overwhelmingly the largest form of wealth.

In the three centuries of our national existence, those primitive facts have greatly altered. Today the real estate tax (improperly included in the general phrase "property" tax) remains the principal source of local government finance, although it has long since ceased to be even a major form of economic wealth.

Major weaknesses threaten the stability of the property tax, both as a source of revenue for local government and as an EQUITABLE way of dividing the responsibility for the support of government. "According to value" (ad valorem) is a shifty foundation on which to build a tax structure and subject to many abuses.

Too many favored individual property owners get by with exceptionally low assessments. Loose assessment control results in omitted property, makes it too easy to adjust valuations IMPROPERLY, and result in unfair tax liability for some taxpayers. In some Texas communities there may be as many as eight different valuations placed by assessing bodies upon the same parcel of land... why? could it be the incompetent tax Assessors?

The word ASSESSMENT has come to mean the valuation placed on real estate for the purposes of taxation. Generally speaking, the constitutions and laws of the states intimate that this value should be the market value, or price, or "the money which a willing buyer would pay a willing seller" for a specific parcel of real estate. Such definitions, of course, leave the doors wide open for many shades of interpretations. In recent years increasing popularity has been accorded the concept that productivity or income - producing power of real estate should be the cornerstone of its valuation for tax purposes. Court decisions have upheld this concept.

If you taxed property on its so-called present day "Market Value" you would have plenty of revenue... but a lot of unhappy people.

The "Sales Tax" with all of its possible future dangers, probably is still the best approach for more needed revenue, which will be shared EQUALLY BY EVERYONE. Get out and go VOTE, it's YOUR PREROGATIVE!!

## Belton Downs Varsity, B Teams

The Cameron Yoemen varsity and B teams traveled to Belton Monday and were felled in both accounts. In the varsity bout, Big Red downed Cameron with a 67-50 score. The B teamers also went under with Belton winning at 65-41. Both these scores are much better than the first games with Big Red.

In the varsity game, Yoe courtiers were never very far behind on the score board. The first quarter gave Belton a 16-11 lead and half time found the score at 26-33. But the third quarter saw the lead string out to 52-35.

Glenn Fogle seems to have found his shooting arm as he was high point man for the night with 13. Next was Tommy Terrell with 10, Kirk and Dennis Chapman 8 each, Charles Maddox, Al Hefft and Mike Miller 3 each, and Jim Lafferty 2. Ten of Fogle's 13 points came on field goals.

Yoe roundballers hit 52 percent of their free shots and collected 29 fouls for the night.

Top scorer for Big Red was Taggart with 21 points.

Cameron B teamers were behind on the score board at the end of each quarter by at least 9 points, but they never quit trying.

Johnny Steamer took a total of 10 points for Yoe high point man for the game. Robert Brashear scored 9, Jerry Richardson 7, John Black 6, Dale Schigut 5, and Dennis Crouch 3.

Yoe B courtiers collected only 15 fouls.

Top scoring for Belton was shared by Gaston and Messer with 15 points each.

### Yoemen Dominate

## All District Team Named

Cameron Yoemen dominated the District 17-AA All District teams named this week with four players on both the offensive and defensive first teams.

The 1967 District Championship Yoemen have eight men on the first and second All District Teams. Wayne Kirk, Dwight Jekele, Jim Lafferty and Glen Fogle were the only gridders placed on both offensive and defensive first teams. Yoe veteran James Dohnalik was named first offensive team guard and second defensive team line-backer and first year Yoe varsity player Dennis Chapman was tagged first team defensive line-backer.

Two sophomores, Ronnie Richardson and Bill Perrin were named to All District second teams.

# RESEARCH...

*Assuring you ample,  
dependable electric power*

Atomic fusion may one day be a means of producing a vastly greater supply of electric power than is needed today.

For the past ten years, Texas Power & Light Company and nine other investor-owned electric utility companies operating in Texas have cooperated in sponsoring long-range atomic fusion research now being conducted in laboratories at the University of Texas.

This research program is only one of many supported by TP&L and other members of the Nation's investor-owned electric utility industry to assure ample and dependable electric power in the years ahead.

### Careful Handling Of Cattle Will Pay

By J. D. Moore

For obvious reasons a number of cattle are moved each day of the week. Almost without exception cattle are put under some type of stress in the movement process. We visited a rather large Milam County cattle operation recently and noted a pen of sick calves. Careful handling of new feeder calves can add to the cattle producers profits, according to our veterinarians.

Before new cattle arrive, prepare

good facilities with a well-fenced corral and wet the ground to keep dust down where needed. The calves will likely be dehydrated from the trip and water should be on hand for them.

A reliable trucker should haul the animals and avoid over-loading. The trucker should provide proper bedding and in cold, wet weather cover the truck to protect the calves from chill. Make the trip as short as possible and do not over-excite the calves in loading and unloading.

After calves arrive at the ranch, handle them as little as possible. Dehorning, castrating and branding can wait for several days. High quality grass hay and fresh water should be available and the temperatures be taken of any animals that do not appear alert or that cough. Any animals with a temperature over 103 degrees should be isolated and treated. This early treatment of the animals may mean the difference between losing animals or saving them. If sick animals are not treated, they may recover but never gain satisfactorily.

When a sick animal is found, have a prepared area where it can be separated from the group. It is well to have this area sheltered to give added protection. When separating the animals, work them as quietly as possible to avoid the chances of respiratory complications.

After carefully checking all new stock and giving them several days rest, they can be treated for internal and external parasites and joined with the herd.

### Buckholts Water Board Sets Election For Two Directors

An election will be held January 9, 1968 to elect or re-elect two directors to the Milam County Water Control and Improvement District No. 1 in Buckholts, according to Floyd Stark, secretary.

The two directors whose terms are expiring are C. S. Raney and Floyd Stark. All tax paying residents of the District desiring to run for Director are asked to contact any member of the Water Board so that their names may be printed on the ballot.

Board members are: Frank Tomascik, president; Floyd Stark, secretary; treasurer; and Directors C. S. Raney, Edwin Gandy and Joe Sevcik.

### Newton Hospital To Reduce Room Rates

Daily room and service charges will be reduced \$2 per day beginning December 15, at Newton Memorial Hospital, Harold Warren, managing consultant announced today. Out-patient charges will also be reduced, he said.

The reductions in hospital charges were approved by the Board of Directors of the hospital during their meeting earlier this week.

## GAUSE-

By Mrs. Wanda Lee

Here it is Christmas time again, and it's beginning to show around our house. Craig has already had us put up his tree and decorations. He's really excited.

Next week this column will be the children's letters to Santa. Kids, remember to get your letter to me this week for next week's paper and I'll send your letter on to Santa Claus.

The churches here in Gause are making preparations for their Christmas programs.

The Methodist Church will have their program Friday night, Dec. 15 at 6:30 p.m. The services will be held and then the tree and a visit from Santa will follow. The Methodists invite everyone to attend this program.

The Baptist Church will have their Christmas program Wednesday, Dec. 20 at 7 p.m. The young people will present a play and afterwards the tree, exchange of gifts and refreshments will follow. Everyone is invited.

Mr. and Mrs. Terry Collie and Candice of Freeport spent the weekend here with Mr. and Mrs. Brown Ely, Rock and Myron, and Mrs. Effie Ely.

Mr. and Mrs. Mike Simmons of Rockdale spent Thursday night with Mr. and Mrs. Henry Simmons.

Mrs. Sue Fuller is home after spending several days last week in Hearne General Hospital.

Mr. Bud Moore of Crystal City visited last week with Mr. and Mrs. Joe Moore and other relatives.

Mrs. Bob Garrison is home after spending a week at John Sealy Hospital in Galveston. Her daughter, Mrs. Bobbie Mitchell of Lake Jackson brought her home Sunday.

Mr. and Mrs. Billy Reese and Kevin and Mrs. Ray Gene Miller of Milano had supper with Mr. and Mrs. Wayne Lee, Craig and Kelly last Tuesday night. This was in observance of the Reeses' third wedding anniversary.

Mrs. Cecil Butler went to Waco last Sunday a week ago and she, along with Mr. and Mrs. Lee Roy Berhinger and Aaron Roy went on to China Springs to the 50th wedding anniversary celebration of Mr. and Mrs. Oscar Payne.

Mr. and Mrs. Guy Butler of Pasadena visited Friday afternoon with Mr. and Mrs. Cecil Butler. Sunday visitors with the Cecil Butlers were Mr. and Mrs. Garland Hux and Staci of Cameron.

Mrs. Lizzie Rains is home from a visit in Missoula, Montana with Mr. and Mrs. Bud Anderson and children.

Mr. Harry Bowling went to Houston Monday for his checkup at M. D. Anderson Hospital.

Mr. Jimmy Harris of Tyler has been visiting his mother, Mrs. Lillie Harris for a few days. His wife and children joined him here over the weekend, as did Mr. Sammy Harris of Houston.

Thursday Mrs. Harris and Jimmy visited in Houston with Mrs. Pearl Cass.

### Farm Bureau Sets Christmas Party

Milam County Farm Bureau will hold their Christmas party the evening of December 15 at Methodist Fellowship Hall in Cameron, 7:30 p.m.

Santa Claus will visit the children. There will also be special entertainment and refreshments will be served.

## Fair Prices For Farmers Will Feed Future Millions, Poage Says

CHICAGO

The estimated 350 million Americans who will make up the nation's population in the year 2000 can and will be adequately fed if producers are fairly compensated, a congressional leader declared here today.

Addressing the 49th annual meeting of the American Farm Bureau Federation, Chairman W. R. (Bob) Poage, D-Tex., of the House Committee on Agriculture, said scientific and technological developments which have increased crop production in recent years should assure even greater yields in the future.

The key to the question whether Americans eat well at the turn of the century, he added, is whether

the farmer gets enough for his crops to afford use of the most modern and efficient equipment and technology. He went on to say that current low prices on corn, wheat and other commodities will not assure adequate production to meet expected future needs.

"Over the years our farm programs have sought to provide the prospect of a reasonable return by attempting to achieve a rough balance between supply and demand. That is still the basis of our governmental agricultural policy," Poage said.

Such a balance, he continued, eliminates market gluts which may lower prices to consumers temporarily but result in later production cutbacks, shortages and higher re-

tail prices.

Saying that sufficient food and fiber to meet future requirements can be assured, however, if the grower gets fair compensation for his labor and his investment, he added:

"Unless the farmer is going to get his money back, he simply can't use these modern aids to production. In other words, over the long run, low prices definitely limit the productivity of agriculture. To use 1967 technology we must pay 1967 prices for our labor, our machinery and our supplies. To pay 1967 prices farmers must get comparable prices for what they grow."

## For Urban Realities Dec. 19

A one-cent sales tax is part of the future of Cameron, whether or not it passes here December 19.

We think Cameron will favor the proposal. And these are the reasons.

A total of 116 cities of the 134 or more voting on it have approved it, generally by overwhelming votes.

The sales tax is one means, which these cities recognize as perhaps the last new local source, to keep as much spent at home, at home. Cameron recognizes this.

It is an effort to keep up with Waco and Temple and Austin, our community competitors, who have approved it.

And it is an effort to keep up with Rosebud, voting on the question, December 19, and Holland and Thorndale, which already have approved the issue. These towns indeed are farm oriented.

We think Cameron is facing reality which is the future, an urban future. We think Cameron, like these other

cities and towns, is standing up for itself. It is time to realize that Cameron's 6,000 and Rockdale's 4,800 and Thorndale's 1,000 population, alone, create an urban pattern in an urban era.

We think a sound community tax base shares importance with such progress as community water systems, endorsed by so many rural Milam communities of late.

We think Milam residents can understand this desire for water and survival compliments Cameron's desire for growth and survival.

Cameron will use the proceeds from a 1-cent city sales tax to boost facilities everyone uses, everyone enjoys, everyone driving through this city takes advantage of, regardless of residence.

We think Cameron voters will resolve for the realities of this Cameron question. And we support Cameron's acceptance of a 1 cent sales tax Tuesday, December 19.

## Halting Boom And Bust

The "jawbone technique" for battling inflation has never proven outstandingly successful. Exhortations to hold the line on wages and prices in the United States aren't accomplishing much now.

Gardner Ackley, chairman of the President's Council of Economic Advisors, has appealed several times for "more responsible" behavior, citing the steel price hikes and the auto wage settlements as directly fueling the inflationary fires. But those who work these economic levers are paying little heed. The late President Kennedy produced a steel price rollback by threatening dire penalties—and thereby earned a lot of ill will in the business community. President Johnson isn't substituting force for jawing. Even the suggested government guidelines for wage settlements are no longer loudly touted.

Other companies have followed U.S. Steel, the bellweather, in boosting prices of cold-rolled steel by \$5 a ton. Meanwhile the auto contracts—which are well ahead of productivity gains—are encouraging big wage demands in other industries.

The American economy is operating under the forced draft of two special phenomena: relatively full employment, which gives weight to any ideas organized labor may make; and steady pulse of the Vietnam war. Hence the looming indicia of inflation: the price boosts

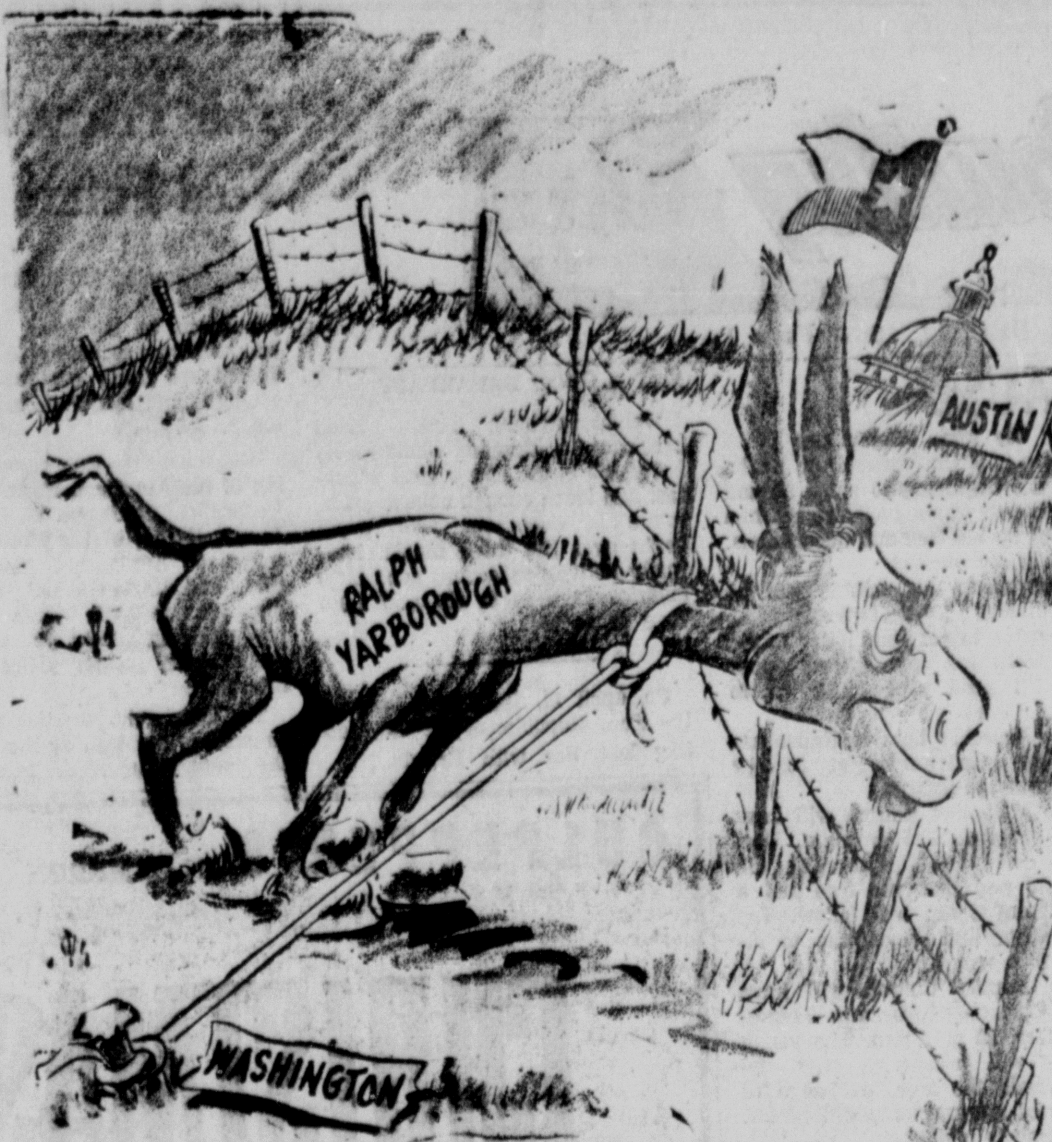

extending throughout the steel-using industries, the potent wage agreements, the threat of high interest rates, the gross national product shooting up abnormally fast.

To cool off the economy Washington trotted out two proposals: President Johnson's proposed 10 percent tax surcharge on personal and corporate incomes, and the Congress - demanded holddown on government spending. The holddown is proceeding — perhaps \$4 billion worth — under prodding from Congress and orders from the White House. The tax boost has failed, at least until next year.

Conceivably, with the Federal Reserve at hand to head off the over-boom by tightening credit, the inflation threat may still be mainly temporary. The growth of productivity in the United States is so stupendous that even exorbitant wage boosts can be absorbed — unless they are repeated and repeated.

But this is taking a big chance. Congress, the White House, the Federal Reserve, the unions, the big companies, have the economic "know-how" for avoiding inflation. They should use it. And Congress has a special incentive: the prospect that rising prices will become a "sleeper" issue in next year's election campaign.

## Vets' Land On Sale

By Vern Sanford

AUSTIN

Texas' veterans land program, detailed since late 1965, is back on the track again.

According to Land Commissioner Jerry Sadler, sale of \$30 million in bonds is slated for December 19. Bonds are expected to be delivered around January 25. Money will be available then to buy land for state veterans.

At the November 11 election, Texans voted favorably for a constitutional amendment authorizing sale of an additional \$200 million in bonds for the program. Amendment also expanded the program to include veterans who served in Vietnam, as well as Korea and World War II. Ex-servicemen have spent \$242 million to buy 3 million acres of land under the program since it was first authorized in 1946.

Qualified veterans now can borrow up to \$10,000. Minimum amount of land that can be bought is 15 acres. Maximum interest rate on bonds is four and a half percent. Purchasers of land have 40 years to repay state loans. A five percent down payment and about \$150 in legal and appraisal fees is necessary to close a loan.

### DRAFT QUOTA UP

Draft boards will have to provide 1,659 young Texans for the armed forces next month. This is the biggest monthly quota since 2,012 were called in November, 1966.

January quota is Texas' share of the national call for 34,000 men for the army, says Col. Morris S. Schwartz, State Selective Service Director.

Local boards in Texas will forward 5,455 men in January for pre-induction examinations. They already have scheduled 3,485 men for the exam in December.

### COURTS SPEAK

State Supreme Court agreed with the lower courts that the election which resulted in consolidation of Robert Lee Independent School District and Silver Peak Common School District of Coke County is valid.

High court granted writs of error and set for review these cases:

—A Bexar County man's claim he was disabled from cancer as result of assembling nuclear weapons.

—A contractor's liability to the city of Midland for defects the city said developed in a swimming pool constructed at a public park.

—El Paso jury verdict that cut a special condemnation commission award to an El Paso couple from \$6,635 to \$3,477 for property taken from them for freeway right-of-way.

Third Court of Civil Appeals here ruled that former State Savings and Loan Commissioner James O. Gerst failed to follow the evidence in denying Houston First Savings Association an application for a branch office.

### MARTIN FILES SUIT

Atty. Gen. Crawford C. Martin filed an \$846,000 civil penalty and injunction suit to stop alleged air pollution by seven garbage dump operators near Houston.

Suit seeks \$1,000 a day penalties from the date the new Clean Air Act went into effect, plus injunction. Hearing is set for January 4 in 151st District Court. It is the first major court test under the act. State Rep. Rex Braun of Houston earlier accused Martin of dragging his feet on complaints against dumps.

Later last week, Martin and two assistants argued a Permian Basin

gas rate case before the U. S. Supreme Court. State maintains that the 14.5 cent rate for gas discovered Jan. 1, 1961, and 16.5 cents for gas discovered after that date are inadequate to support the exploration program to sustain industry vitality. Loss of tax revenue due to rates proposed by the Federal Power Commission also would seriously affect the state, the attorney general claimed.

### TOURIST CONFERENCE SET

A network of 10 Travel Trails showing how local communities can help themselves by promoting San Antonio's HemisFair '68 will be Antonio's HemisFair '68 will be ernor's Tourist Development Conference here January 17.

Trails were chosen from among nominations in 154 counties and

state tourism people will be pushing these routes to out-of-staters visiting Texas and HemisFair. State will erect "Travel Trail" markers and design and publish maps to guide and inform the tourists.

Two panels of travel experts will join Gov. John Connally in encouraging communities to step up their tourist promotion.

A total of seven million visitors is expected at HemisFair, says HemisFair's Chief Executive Officer James M. Gaines who will keynote the conference. Two afternoon seminars are planned on developing special attractions and boosting them with publicity, photography and brochures.

APPOINTMENTS ANNOUNCED  
Robert J. Derby, San Antonio

## OLD PHILOSOPHER

Dear editor:

As I understand it from reading a string of newspapers over the past few days — the reason you can call them a string of papers is they were strung out several hundred yards along the road by my house out here where somebody must have thrown them out of his car one by one, in the future I'd appreciate it if he tied them up in a bundle — there are several possible candidates for President but only one or two so far have announced.

Some of the others say they are considering it, some say they are not considering it but could be persuaded to change their mind, others are going around making speeches a long way from home but denying they're candidates.

There is one phrase that crops up every once in a while in all this that has me baffled. A reporter will ask a non-candidate if he's running for the nomination and he'll say certainly not, at least not at the moment.

Then the reporter will ask him if he got enough delegates to vote for him would he accept the nomination.

The answer almost invariably is: "I'll cross that bridge when I come to it."

Or ask another politician if he would accept an appointment to some higher office and the answer is: "I'll cross that bridge when I come to it."

Despite the fact what he means is "I'd like to have the job, I figure I'm fully capable of handling it, but it hasn't been offered to me yet," that phrase about not crossing a bridge before you get to it always throws me.

I would like one politician to cite just one example in the entire history of mankind where anybody

attorney and former Texaco vice-president, now is research director for Texas Constitutional Revision Commission. He has opened an office in the capital.

A. F. (Tony) Rodriguez of San Antonio is the new assistant Republican state chairman, named to succeed Hilary Sandoval Jr. of El Paso.

Texas State Teachers Association named Charles B. Hamilton of Austin as director of its division of field operations and Lee Hicks, also of Austin, as TSTA field representative.

Chief Justice James G. Denton of the Amarillo Court of Civil Appeals has designated Bonham attorney Buster Cole as his statewide campaign manager in Denton's race for the State Supreme Court. HOLIDAY ACCIDENT DANGERS  
Col. Homer Garrison Jr., Texas

ever crossed a bridge before he got to it.

I've seen bridges it was hard to cross after you got to them, but if you can find one politician who can cross one before he gets to it, let's get him under contract. We could make millions exhibiting him at bridges all over the country.

No use looking for him among these politicians who, when they get to their bridge, are going to find it's washed out.

## THE FAMILY LAWYER

## If Your Check Bounces

Checks pour through our bank-  
 ing system at the fantastic rate of  
 17,000,000 per business day. Con-  
 sidering this figure, the process  
 works with remarkable smooth-  
 ness.

But every so often, into this vast  
 machinery, someone drops a small  
 monkey wrench. Like a bad check.  
 What are the legal consequences?

For one thing, you are commit-  
 ting a crime if you buy something  
 with a check that you know is bad.  
 The essence of the crime is the  
 obtaining of merchandise by false  
 pretenses. For, by handing over the  
 check, you are implying—falsely—  
 that you believe the check is good.

But intent is a crucial point.  
 Suppose the check is bad only be-  
 cause of an innocent mistake you  
 made in keeping your checkbook.  
 Then, with no intent to defraud,  
 you would not have committed a  
 criminal offense.

Likewise, in most cases, it is not  
 a crime to give a post-dated check  
 that eventually turns out to be  
 bad. At the time you gave the  
 check, you may well have had an  
 honest expectation that it would be  
 good when the due date arrived.

## Gypsum Can Cut Cost Of Winter Feed Supplements

**MOUNT PLEASANT**  
 Ranchers will soon begin feeding  
 winter supplement to their cattle,  
 and keeping the cost down is an  
 important consideration.

E. E. Neal, the county agent  
 here, has conducted demonstrations  
 over a seven-year period which  
 indicates gypsum can be used the  
 same as salt to limit feed intake.  
 During the fall and winter  
 months, cattlemen want to make  
 sure their cattle get enough sup-  
 plement to maintain body condi-  
 tion - but naturally want to keep  
 costs as low as possible and not  
 overfeed.

In the test here, one group of  
 cows and calves was given a mix-  
 ture of one-third salt and two-  
 thirds cottonseed meal. An iden-  
 tical group of animals was put  
 on a mixture of 14 percent gypsum  
 and 86 percent cottonseed meal.

Neal says both groups of cattle  
 ate about the same amount of feed  
 per day and there was no notice-  
 able difference in performance. It  
 took less gypsum than salt, since  
 only half as much gypsum as salt  
 is required to control feed intake.

Most cattlemen want their cattle  
 to eat about 2.5 pounds of supple-  
 ment a day. Neal says a mixture  
 of 6 parts supplement to one part  
 gypsum will limit consumption to  
 about 2.5 pounds a day.

However, he says, some ranchers  
 start early in the fall with a 5 to  
 1 mixture, then when the going  
 gets rough in the winter, go as  
 high as an 8 to 1 mixture.

• Clarkson

By Mrs. J. A. Blasienz

A group of friends from Clarkson attended funeral services for Emil Doskocil in Cameron Saturday. Mr. Doskocil was a former resident of the Clarkson community before moving to Ben Arnold a number of years ago. He died in a Cameron rest home on Thursday. Burial was in Woodland Cemetery in Rosebud.

Mr. and Mrs. Melvin Davis and daughter of Waco, and Mr. and Mrs. Lawrence Kostrom and sons of Cameron have been visiting their parents, Mr. and Mrs. Otto Mayer and sons, Jerry and Terry recently.

Clarence Dodd and sons, Vernon and Edward of Austin visited his mother, Mrs. V. D. Dodd on Sunday.

Mr. and Mrs. Nelson Kohring and daughter of Irving were here Saturday for the funeral of her grandfather, Emil Doskocil. They spent the weekend with his parents Mr. and Mrs. Alfred Kohring.

Mrs. J. A. Blasienz visited Mrs. L. L. Chapman in Rosebud on Friday.

Mrs. Billy Stuessel of Temple, and Ames Doskocil of Ben Arnold were visitors of their mother, Mrs. Ames Doskocil Sunday.

Mr. and Mrs. Emil Skupin visited their son and family, Mr. and Mrs. Robert Skupin and Stevie in New Braunfels during the weekend.
